Skills

C | C++ | Java | Python | DSA | Html | CSS | JavaScript | TypeScript | Figma | Tailwind CSS | React | MySQL | Node JS | Git | GitHub

Education   **2023 – 2026**

Bhagwan Mahavir College of Computer Application (BMCCA) - Surat, Gujarat, India
- Bachelor of Computer Application (BCA) | CGPA : 8.59 / 10

Projects

1. Smart Finance AI – Tech (Team Project)

"AI-driven finance management platform for budget tracking and expense insights using Node.js, MySQL, and React."

- Developing an AI - driven platform to track expenses, analyse budgets, and provide personalized financial advice.
- Features : AI - based budgeting insights, financial habit scoring, voucher rewards for good spending behaviour.
- **Note :** Project is under active development. GitHub repository will be made public upon completion.

2. AI Powered Health Assistant (Personal Project)

"AI-based healthcare assistant for doctor-patient management and health analysis using Node.js, MySQL, React."

- Built a healthcare platform managing doctors, appointments, prescriptions, and AI food analysis.
- Features: Real-time appointment booking, secure MySQL database storage, AI-based food safety prediction.
  - **Planned Advanced Features**:
    - AI symptom checker for health prediction.
    - Medication reminder AI and smart health recommendations based on user data.
    - Real-time doctor availability slots for appointments.
    - Emergency contact and instant consultation features.
- **Note**: Project is actively being improved with new features. GitHub repository will be made public soon.

Academic and Extracurricular Achievements

- **1st Place - Design Thinking Competition** (Bhagwan Mahavir University).   **27 Nov'24**
- **1st Place** - **Interlevel College Competition** (Bhagwan Mahavir Management).   **30 Jan'24**
- **2nd Place** - **Innovate Hackathon** (Bhagwan Mahavir College of Computer Appli.)   **1 Mar'24**
- **3rd Place** – **Mindstorm Interlevel College Competition**   **10 Jan'25**

Certifications

- **Hacker Rank**: Java (Accomplishment Certificate)   **16 Nov'24**
- **Hacker Rank: JavaScript (Accomplishment Certificate)**   **25 Nov'24**
- **Infosys Springboard: Basics of Python and Java Concepts Certification**   **May'24**
- **Hacker Rank: Gold Badge in Java and C++**   **Nov'24**
